DOMESTIC PLUS HANDY PACKS

Abshade Domestic Plus shadecloth is specifically designed for the hardware industry and is ideal for use in the domestic market in applications around the home (e.g. pergolas, BBQ areas & privacy screens)

The fabric is manufactured using a heat-set stentoring process, which results in fabric that is very stable, easy to dispense and looks great. In addition, stentoring also minizes shrinkage if left in the sun.

ABSHADE® Domestic Plus shadecloth carries a **15 year UV Warranty**.
