

Abmat™ Black Builders Film

Abmat™ Builders film is an all purpose Low Density Polythene. It meets all regulatory requirements of AS 2870:2011 Concrete Underlay 0.22mm – Medium Impact Resistance.

Abmat™ Builders film is generally used in underlay for concrete beds, nursery floors and under gravel beds.

Abmat™ Builders film is available in 2m and 4m wide rolls. It is not highly UV stabilised but is designed for an expected life of approximately 3-4 months in the sun.
